

AUTOMOTIVE CABIN AIR

KEEPING THE AIR YOU BREATHE
CLEAN AND FREE OF POLLUTANTS

You spend a lot of time in your vehicle. It's important that the air you breathe is free from harmful particulates. Baldwin cabin air filters clean outside air before the air enters the interior of your vehicle.

Cabin air filters are located in a vehicles' ventilation system and trap contaminants such as road dust, debris, soot, spores, pollen and other allergens.

Whether you drive in the city or in the country, Baldwin cabin air filters will help reduce the amount of contaminants you breathe and keep the interior of your vehicle clean.
